Exhibitors are also reminded that the build-up and breakdown periods are a “high risk” time in terms of security and they are therefore urged to remove all exhibits as soon as possible from the halls. Whilst every endeavour is made to secure the halls during build up and breakdown, exhibitors are reminded to be extremely vigilant whilst all access doors are open and always ensure that someone is on the stand at all times. **Note: If you are ordering a plasma screen for your stand, you should ensure that you remain on your stand until this has been collected by the company you ordered with to ensure that you are not held liable for any missing items.**

The Organisers would like to make it very clear that all exhibits, hired equipment, stand-fittings, carpet and waste material must be completely removed by 20.00 on Sunday 16th May 2010. If any exhibits, stand-fittings and/or carpet are left in the hall after this period, the stand holder will be liable for clearance charges and any other hall rental required.

If you have any queries regarding build-up or breakdown please contact our Operations Team who will be happy to assist you.
